TEN CENTS PER WEEK

BUSINESS FEELS UPWARD IMPULSE OF TOBACCO SALE

Retail Merchants Report Unusually Lively Trade in all Lines.

New Railroad is Good News to This City.

HOSIERY MILLS IMPROVEMENT.

Clearings this week \$627,100.

With several hundred thousand pounds of loose leaf tobacco sold in Paducah this week, the retail business has picked up lively with the merchants. In fact today was one of the busiest days of the year with the merchants, for the tobacco growers have stimulated business with their purchases, and all lines of business have felt this impulse. The pleasant weather the last days of the week has been a mighty factor in the up-lift of business.

New Railroad.
Coupled with the optimistic statements of the merchants is the fact that a railroad, probably the Burlington line, is closing options and purchasing land at Metropolis, and it begins to look that Paducah will have direct northern connection with the big railroads which are just across the river.

More Knitting Machines.
The Wisdom Hosiery mill is preparing to install 100 new knitting machines in the factory. Shipments have begun, and a few of the machines have been installed, and the others will be as soon as they can be delivered by the manufacturer. This will increase the capacity of the factory, which has been obliged to run at night to fill the orders.

Other manufacturing plants report good business, with better prospects in the near future. Business with the railroads is still a trifle dull, especially in the freight department. However, many traveling salesmen are on the road, and large firms are putting on their old force again. During the past week more salesmen have been in Paducah than in a long time, and evidently they are getting orders for they are the same jolly fellows of former days.

Begin Work on Barges.
Work of building the fleet of 500 coal barges for the West Kentucky Coal company began this morning when the frame work of the first barge was set up on the bank of the Tennessee river in Mechanicsburg. A large force of laborers has been busy several weeks in erecting a saw mill and machinery, including a compressed air apparatus, for the rapid building of the fleet.

Next Wednesday is the date set for the launching of the first barge, and after this it is expected to have two barges dipped into the river every week. Mr. F. L. Thatcher, an experienced barge builder from Madison, Ind., is superintendent at the barge building plant.

OIL PLANT BURNS AT BALTIMORE-- TOPEKA HAS FIRE

Baltimore, April 24.—Flames, causing a succession of explosions, are raging at the Sun Oil company's plant, located alongside the New York and Baltimore Transportation company's big dock. Every piece of fire apparatus in the city is fighting the flames. A big steamer, blazing at the bow, was hauled away from the dock.

Four Killed in Hotel Fire.
Topeka, Kas., April 24.—The Central hotel burned at 4 o'clock this morning. Four were killed. Among the dead is J. W. Erickson, of Clay Center, Kas.; Walter Sippy, Topeka; Ben Sippy, Belle Plaine; Lewis Stratton, Cumminsville, Mo.

The hotel was a two-story structure with sleeping rooms on the second floor. Three bodies are in a room and one at the head of the narrow stairway. Electric wires caused the fire.

Biggest Fine on Record Paid Into Texas State Treasury By Waters-Pierce Oil Company This Morning

Austin, Tex., April 24.—The Waters-Pierce fine was paid to the state treasurer today. It totaled \$1,808,754. The original judgment rendered May, 1907, was for \$1,623,900. Interest at 6 per cent was attached while the company fought the case through the various courts. It is the largest fine ever paid in the United States. The money was shipped from New York all in currency. It was taken from the express office to the state house today. The payment was made in 160 \$10,000 bills. The rest was in smaller currency. E. B. Perkin, representing the Waters-Pierce, and J. P. Lightfoot, the state. The mandate of the United States supreme court was filed in the court of civil appeals, enjoining the Waters-Pierce company ever doing business in Texas.

Hocking Valley Ousted.
Columbus, April 24.—Under the Ohio anti-trust laws the circuit court

FATHER AND SON HELD FOR MURDER BY GRAND JURY

For the murder of Horace Osburn, Louis Futrell and his father, J. S. Futrell, of Model, Tenn., were indicted this morning by the grand jury, while T. D. Petty, who was held over to the grand jury, was released, as the indictment did not include his name. J. S. Futrell has been out on a bond of \$5,000 and he was granted bail until next Thursday, when the case is set for trial. Louis Futrell, who is alleged to have fired the shot in the county jail.

Other indictments returned by the grand jury were: Henry J. King, colored, charged with breaking into a railroad car, and a second indictment to entering a railroad car; Spencer Foster, colored, charged with obtaining money by false pretenses; Henry Denton, colored, charged with obtaining money by false pretenses; Jim Edwards, colored, charged with obtaining money by false pretenses; James Sherridon, Fred Harris and C. J. Moore, charged with grand larceny.

Eugene Edwards, colored, was acquitted on the charge of house-breaking, and also the charge of obtaining money by false pretenses was dismissed against him.

Alfred Downs Missing.
H. C. Champion, 129 Clements street, appealed to the police this afternoon, asking them to assist in locating his step-son, Alfred Downs, 16 years old, who left home last July. Until now a quiet search has been made for him, and it is thought that he is in Alabama or Florida. He left Paducah in company with other boys, who have returned, but they claim they know nothing of Downs' whereabouts.

Lincoln Institute Night

Tuesday night will be Lincoln institute night at the Woman's club, when the men of the city will be invited to a smoker and luncheon to hear about the Lincoln Institute, the big colored school of Kentucky, for which funds are being raised. Professor Dinsmore, dean of Berea college, is here in the interest of the institute, and Mr. Earl Palmer, Rabbi Lovitch, Dr. D. C. Wright, Mr. W. F. Paxton, Mr. J. A. Rudy, Mr. J. L. Friedman and Hon. Charles K. Wheeler will speak on the subject.

WEATHER.

Generally fair tonight and Sunday warmer. Highest temperature yesterday, 59; lowest today, 45.

GOOD SHEPHERD GROUND BROKEN NEXT THURSDAY

Ground will be broken for the new Good Shepherd house on Thursday, April 29, at 3 p. m., when addresses will be made by the Rev. David Cady Wright and others. This house is for the worship of Almighty God, for instruction in Christian doctrine, and especially in the scriptures and for all social purposes to which a neighborhood building may be put, including athletics during the winter months. It is the outcome of a work begun in September, 1908, and carried on since that time in the Arcadia school building. During these months a permanent Sunday school has developed, and since February of this year regular preaching services have been held each Sunday night.

The prayer meeting held each Wednesday night at 7:30 o'clock has been greatly appreciated.

The decision of the school trustees to enlarge the school building makes it necessary to vacate the present quarters by July, so it is the plan to erect a new building for religious and social purposes on the new lot nearly opposite the school site.

From the beginning the residents of the Arcadia district have paid the current expenses of this work, and none others will be urged to contribute to the new venture.

General interest and the skilled hands with which this neighborhood is blessed will overcome all obstacles. The children of the Sunday school who are deeply interested in plans for their new home will have a part in the exercises on Thursday next.

Dining in the County.

Mr. and Mrs. C. E. McNeill, of the county, were tendered an enjoyable surprise in celebration of the fortieth birthday of Mrs. McNeill, by a number of their friends. The dinner was an elaborate affair and the day was enjoyably spent.

BR'ER FOX FLIES PAST PADUCAH AT TOP NOTCH SPEED

One black streak, parting a graceful roll of water on either side, and speeding along at the rate of, at least, 27 miles an hour, Br'er Fox II, passed Paducah at 12:25 o'clock today. Capt. Harry Doss was piloting the boat and Mike McClain was engineer. M. B. Dean, owner of the Fox, is in command. Captain Doss is one of the best known and most capable pilots on the Mississippi and Ohio rivers. A large crowd of spectators from Mechanicsburg to "Dog Town" witnessed the fast mot'r boat. Br'er Fox came through the Tennessee river shoot down the middle of the Tennessee and went down the Ohio about 150 feet from the shore and everyone along the river front could get a look. She is long and narrow, painted black, with her name in large gold letters on her bow. She is painted black and her crew wear black rubber suits and goggles. The motor boat expected to make the trip from Cincinnati to New Orleans in 60 hours, when the boat left Cincinnati, but at the rate she has been coming down the Ohio, averaging 27 miles an hour, she will make it in less than 60 hours.

HOW CABANNE BOY WAS STOLEN AWAY FROM HIS FATHER

Broughton Brandenburg Pack ed Him up as "Delicate Surgical Instruments".

Says Boy Wishes to Stay With "Step-Dad".

TAKES MOTHER'S FAMILY NAME

San Francisco, April 24.—Broughton Brandenburg, who was arrested here as a fugitive from New York, told how he kidnaped James Shepard Cabanne's boy. He says he smuggled him through the gates of the St. Louis Union station in a hamper, labeled "Delicate surgical instruments" and into a berth. The boy has assumed the name of Billy Leonard, which is his mother's maiden name. She was the daughter of Simeon Leonard, of Eddyville, Ky.

Brandenburg declares no charge of kidnaping can be made against him. No guardian was appointed for the boy, following his parents' divorce. He says, "I don't want to go back to St. Louis," the boy said, "I want to stay with my step dad."

WILLIAM MALONE MAY BE MANAGER OF THE KENTUCKY

It is understood that the Kentucky theater will be leased to Mr. Fishell, of the Garrick theater, of St. Louis, by Messrs. Goodman & Carney, the present lessees. While everything has been agreed to the contract has not been closed because Mr. Fishell is negotiating for the lease of two other theaters in cities near Paducah so that a circuit can be formed, which would insure the best shows as attractions for Paducah.

Mr. William C. Malone, probably will be the local manager of the Kentucky theater, if the play house is signed by the Schubert syndicate. Mr. Malone has had many years' experience in the management of amusement houses, and is a personal friend of Mr. Fishell.

The best shows on the road are promised Paducah for next season, as the Schuberts have signed many of the stars to play on the stages managed by them, and this will mean that Paducah will secure many of them.

Precinct Conventions.

All three court house precincts instructed for Eaton. Gallman's precinct split. J. G. Whitte, committee-man, presided over the meeting, which elected the Rev. J. R. Clark and instructed for Barry. The Eaton men, claiming a majority, met across the street. The city was carried by Eaton strong.

Maxon, Harper, Hendron, Lamont, Rossington, New Hope, Ragland, Woodville, Massac and Milan it is reported went for Barry.

Chalk's and Butler's are uninstructed. All the others went for Eaton, excepting Plow Factory, Grahamville and Park went to Eaton.

A lively contest is on in the rural precincts at the conventions this afternoon to select delegates to the second district senatorial convention. The anti-saloon league forces are active for E. Barry, of Benton.

Cecil precinct, McCracken county, elected Brown M. Pace delegate, and instructed for Hon. E. Barry, of Benton, with W. V. Eaton, of Paducah, second choice. The vote was 22 to 6.

Mrs. C. L. VanMeter, of 505 Kentucky avenue, received a telegram this morning announcing the death of her grandfather, Mr. A. C. Bell, of Circleville, Ohio. Mr. Bell was 79 years old, and about two years ago he visited in this city for several weeks. Mr. Bell had been ill for several months and last week Mrs. VanMeter and Miss Helen Vanmeter returned from paying him a visit. General debility was the cause of Mr. Bell's death.

Picture of D. A. R. Fountain

The D. A. R. fountain, of which the accompanying cut is a reproduction, will be dedicated in the custom house yard May 8. Lorado Taft, the sculptor, and prominent daughters of the American Revolution of Kentucky, Tennessee and Illinois will be present. The fountain will be about 12 feet high. The fountain is a massive figure of an Indian seated on a pier, cut in Georgia marble. The pedestal on which the figure will rest and in which the four streams of water for the drinking fountain will be placed, is a simple, beautifully proportioned four-sided column, tapering slightly toward the top. The Paducah chapter, D. A. R., commenced plans for a memorial of some character about two years ago, and much of the credit for its success is due to the regent, Mrs. Eli G. Boone.

LYON COUNTY CITIZENS WILL NOT STAND FOR COUNTY SETTLING NIGHT RIDER SUITS

Meeting at Kuttawa to Protest Against Action—Horse Thieves Are Active Around Wickliffe.

Kuttawa, Ky., April 24.—(Special.)—Citizens are holding an indignation meeting here today to denounce the action of the fiscal court of Lyon county in voting \$2,000 to aid the compromise of suits filed in federal court against the night riders. John L. Smith, editor of the Lyon County Herald, is one of the leaders in the movement. This week's issue of his paper, contains a front page denunciation of the appropriation.

Sheriff Sam Cash and a member of the court are among the defendants, as well as four of the Democratic county candidates. Sheriff Cash is a member of the committee, appointed to raise the \$9,500, required to compromise the case, and in a letter in the Herald this week, thanks a local bank for advancing the money. The committee also invites all those who wish to "get old Lyon county at peace" to donate "to the people, who have been so heavily taxed in compromising the damage suits."

If any attempt is made to pay that \$2,000 contributed by the fiscal court, it will be enjoined.

Horse Thieves Near Wickliffe.
Wickliffe, Ky., April 24.—(Special.)—A band of horse thieves is holding forth in the Wickliffe bottoms. They have stolen a number of animals. Losses reported so far are: Marshall Rollins, mare; Charles Gentry, mule; James Crabtree, mare; Charles Winnecker, pony; Tobias Scott, horse; James Rollins, mare; S. S. Welch, mare. Marshall Rollins found his mare at Mayfield in the possession of Dr. H. H. Hunt, who

acquired the animal after it had passed through several hands.

Hung in Effigy.
Frankfort, Ky., April 24.—(Special.)—Governor Augustus E. Willson was hung in effigy by some person from the bridge which crosses the Kentucky river here last night, following his announcement of pardon for Taylor, Finley, John Powers, Davis, Whitaker and Steele. A life-size figure fashioned of cardboard was found hanging in the center of the big bridge by W. B. O'Connell, secretary of the state tax commission, about 5 o'clock this morning. It bore this inscription: "Gus Willson, murderer of justice, Taylor, Powers, Howard, Finley, etc., murderers of Goebel. To show the world that Kentuckians believe in justice. That they do not approve the action of Willson in pardoning murderers before trial and to show why there is such a thing as mob law."

Armour Takes Patten's Place.
Chicago, April 24.—That J. Ogden Armour had taken up the wheat corner where "Wheat King" Patten left off was the report today on the board of trade.

Jury Still Out
Wickliffe, Ky., April 24.—(Special.)—The jury in the case of John Bulger, charged with participating in the robbery of the Ballard County bank at Bandana, which took the case yesterday afternoon at 4 o'clock, is still out, with little prospect of an agreement.

John Powers Found
Pittsburgh, Pa., April 24.—(Special.)—John Powers, brother of Caleb Powers, supposed to be in Honduras, is located near here as a business college professor. He acknowledged his identity. He will return to Kentucky.

SULTAN HELD PRISONER BY YOUNG TURKS

Battle is Fought in Streets of Constantinople this Morning.

Palace Surrounded by Invading Troops.

TWO THOUSAND ARE KILLED

Constantinople, April 24.—Constantinople fell after a night of bloody fighting between 5,000 soldiers, forming the sultan's guard, and the Young Turkish forces under command of Chetiek Pasha. The garrison of Yildiz Kiosk surrendered this morning. It is estimated 2,000 soldiers were killed and thousands were wounded.

The Young Turks followed up the surrender by throwing a heavy column of their own soldiers around the palace, making the sultan a prisoner. The Young Turk leaders are now in conference with him.

The foreign population is in no immediate danger. Two foreigners are reported killed. Frederick Moore, an American correspondent, was shot while trying to make a picture of the fighting. Soldiers thought the camera a deadly machine. The fighting really began at 7 o'clock last night, when soldiers of the Daoud barracks returned from attending the sultan to Selamluk ceremony in the mosque and found Young Turk soldiers, including a battalion of Salonika Chasseurs, had occupied their barracks. In a brief engagement two were killed.

The real engagement began at 5 o'clock this morning when the battle broke in earnest.

The only foreign building damaged was the Belgian building. The grounds were being occupied by reactionary soldiers. The legation building was riddled but none was hurt. The American legation is now surrounded by a guard of Young Turks, there still being danger from a fanatical uprising.

While the battle was in progress many stores were kept open owing to the effective police protection furnished by a special detachment of Young Turks. They seemed to realize that any injury, befalling foreigners or needless bloodshed, would cause intervention by foreign powers. All shops and residences in the vicinity of the fighting were barricaded.

Terrible Times Feared.

There is grave danger that one of the bloodiest massacres in the world's history may soon be enacted. The entire Mohammedan population of Constantinople threaten to rise up and seek revenge for what they consider the Christian victory of the Young Turks. The Young Turks' army is too small to combat the city's population should they begin rioting.

The heights surrounding Yildiz Kiosk, are strewn with dead. Tachkiehla and Matchka barracks in Pera quarter, where most of the reactionary troops barricaded themselves, were the scenes of the fiercest fighting.

Anti-Christian Uprising.

Washington, April 24.—There is great alarm here over the anti-Christian massacres in Asia Minor. The state department received information that much suffering is due to a crop shortage. It is feared extreme poverty will increase the anti-Christian sentiment stirred by Moslem fanatics.

Two Fires Today

Three stables were destroyed by fire at noon today near Seventh and Adams streets, with a loss of about \$600. The stable of L. G. Brown, colored, 517 South Seventh street, caught fire from an unknown cause, and the flames spread to the stable of the Rev. L. G. Baker, colored, and the stable of Lizzie Marble. Several horses were in the stables when the fire broke out, but they were taken out with the carriages and harness, although some feed was burned. Horse companies Nos. 1 and 4, and truck companies answered the alarm. By a small blaze in the rear of Harbour's department store, the No. 1 fire company was called out this morning. The fire was small and practically no damage was done.

The Week In Society.

APRIL.

April, the month of the dreamer;
Rich with the promise of June.
Like a youthful and confident
schemer.

Neglecting the morn for the
moon,
With sunshine like smiles that are
fleeting.

With rain that falls faster than
tears,
The buds but prepare a glad greet-
ing.

When the glory of summer ap-
pears.

The flowerets that blossom so
sweetly.

The tints of the wakening sky,
Alas, are forgotten completely.

As hope fondly dazzles the eye
And it's only when summer's beguil-
ing.

Seems faded and empty of cheer
That we'll value the tears and the
smiling.

Of April, the youth of the year.

At the April End.

Society is facing an off week, it would seem. There are no special functions on hand and the club calendar is unusually limited. In fact, it is the far-end of the club season, some of them have already dropped out and several are making their parting bows the next week. May comes in on Saturday, so that throws the various chapter meetings all together the first week of May, along with numerous other things social, for May promises to be a merry month, indeed, hereabout. The dedication of the D. A. R. Memorial fountain and the unveiling of the Confederate statue are two noteworthy events coming just a week apart that will bring many visitors to the city. Each occasion will be marked by some attractive entertainments, both informal and on an elaborate scale. Then, the Magazine club will have its annual open meeting in May, usually an evening affair; the Woman's club is planning two pretty fetes, one an outdoor affair, and if the Emma Eames recital materializes, society has been more than wise in taking a week off to rest up and to get everything in order for the May crush. With the spring-cleaning and the spring sewing out of the way, Paducah women can be more charmingly gracious to the visitors and Paducah homes can look their most inviting hospitality.

Ragsdale-Pepper Wedding on Wednesday.

The marriage of Miss Annie Ragsdale, of this city, to Mr. Edward Bell Pepper, of Lone Oak, will take place on Wednesday evening at 9 o'clock at the home of the bride's sister, Mrs. Henry Harris, 1601 Broadway.

The Rev. G. T. Sullivan, pastor of the Broadway Methodist church, will pronounce the ceremony. Miss Lennie Sanderson is the maid of honor and Mr. Thel Putrell is the best man. The bride will wear a white satin Messaline gown made Empire, with a bridal veil. The maid of honor will wear a costume of pink satin Messaline.

The couple will make their home at Lone Oak.

Miss Ragsdale is the daughter of Mr. and Mrs. J. M. Ragsdale. She is an unusually sweet and attractive young woman with many friends.

Mr. Pepper belongs to one of the most prominent families of the county. He is a prosperous young farmer but was formerly employed

at the Hardy Buggy company in this city and is popular in Paducah.

Informal Afternoon for Miss Bringham.

Miss Kathleen Whitefield entertained informally on Friday afternoon 12 girls of the younger set in compliment to Miss Mary Bringham, of Clarksville, Tenn., the attractive guest of Mrs. Edward Bringham. The afternoon was enjoyably spent with dainty pieces of fancy work. A prettily appointed luncheon was served.

Entre Nous Club.

The Entre Nous club was attractively entertained on Friday afternoon by Miss Frances Terrell at her home, 516 Kentucky avenue. Only the club members and substitutes were present. The club prize was won by Miss Robbie Lovig. The visitor's prize went to Miss Elizabeth Boswell. A delightful luncheon was served after the game.

"Sewing Bee" Entertained.

Miss Helen Hills was hostess of the "Sewing Bee," a coterie of charming debutantes, on Thursday afternoon at her home on North Ninth street. The afternoon was informally spent in sewing and a dainty luncheon was served. The visitors were: Miss Mary Bringham, of Clarksville, Tenn.; Miss Hazel Gray McCandless, of Oil City, Pa.; Miss Mary Clark, of Hopkinsville; Miss Hazel McCandless, Miss Ethel Sights.

The club members are: Misses Alma Kopf, Lillie May McGlathery, Marjorie Lovig, Mary Cave, Henry Alcott, Nell Hendrick, Elsie Hodge, Dorothy Langstaff, Jean Morris, Helen Hills, Corinne Winstead.

Mrs. Boone at Notable Reception.

One of the brilliant social events of the D. A. R. week in Washington was an afternoon tea and reception at the New Willard on Wednesday, in honor of Mrs. Mathew F. Scott, of Bloomington, Ill. It was made the rallying place for all who were especially interested for Mrs. Scott's victory in the approaching election for president-general, so was a political as well as a social affair. The Washington Post in noticing the event, says:

"The red room, where the reception and tea was given, was a blaze of light and color, the music coming from the balcony blending with the tinkle of glasses, as tea and ices were served. The reception proved to be the rallying place of all those anxious for Mrs. Scott's victory today."

"Mrs. Scott received in a white satin robe, with a lace yoke and bodice of silver net. In every corner of the large room little groups of attractively gowned women could be heard talking, always on the election of today, and ever with the greatest assurance for their 'dear Mrs. Scott's' victory."

"Mrs. Brewster, who stood at the right of her mother and presented the guests, was handsomely gowned in an imported gown of gray chiffon, embroidered all over with satin roses. She wore a white chapeau hat covered with shaded pink roses of the most delicate hues."

"Mrs. Vreeman wore a pale blue satin princess, with a lace yoke. This, plainly cut, was trimmed with a multitude of the same colored buttons."

"Mrs. Sallie Marshall Hardy, vice president general for Kentucky, and appointed by Kentucky to second the nomination of Mrs. Scott for president general today, black lace robe."

"Mrs. E. G. Boone, of Paducah, Ky., banana satin; black hat with blue feathers."

Attractive Meeting of the Magazine Club.

Miss Dow Husbands was the hostess of the Magazine club on Thursday afternoon at the Yeiser home in Arcadia, where Miss Husbands has apartments for the summer. It was an especially delightful meeting of the club.

In the business meeting preceding the literary, delegates were appointed to the meeting of the State Federation of Woman's clubs to be held in Owensboro in June. Miss Helen Lowry and Miss Ethel Morrow were made delegates and Miss Ora V. Leigh is the alternate.

The magazine reports were unusually varied and replete with interest. Mrs. James A. Rudy gave an attractive sketch of Robert Burns from Current Literature by Hamilton Wright Mable; Mrs. Samuel T. Hubbard told of the life and work of Joel Chandler Harris. She interpreted "Uncle Remus" in a sympathetic way and read his poem on "The Mocking Bird."

Miss Frances Gould, from the Outlook, gave an interesting article on "The Doctor of the Labrador." Miss Helen Lowry, discussed a clever article from the North American Review on "The Future in Art." Miss Lowry, who has recently returned from a visit in Kansas City, Mo., was also, asked to tell something of the personality of Gypsy Smith, the Welsh evangelist, whom she heard while there. Mrs. Hal Corbett reported a criticism on "The Winter Feast" by Charles Rand Kennedy, in a happy manner.

At the close of the reports delightful refreshments were served. The violet motif was carried out in a most attractive way. The ices were in violet and white, and the individual cakes were decorated with violets.

Violet and white mints were served. A large bunch of spring violets was given each guest as a souvenir.

This was the final literary meeting of the club for the season. An open meeting May 13 at the Woman's club will close the club year. The Delphic and Kalosophic clubs, the officers and board of the Woman's club and the presidents of the Matinee Musical

Newbro's Herpicide

IS PRAISED BY

PAULA A. EDWARDES

Paula A. Edwards, the well-known theatrical star, writes as follows:

"I am charmed with Newbro's Herpicide. It is a refreshing hair remedy, producing a beautiful luster and a luxuriance of growth; at the same time keeping the scalp free from dandruff."
Very truly yours,
(Signed) PAULA A. EDWARDES.
New York City.

Good results from the use of Newbro's Herpicide mean as much to one person as to another, but on the other hand, the fact that leading theatrical stars prefer Newbro's Herpicide is an important point in its favor. Professional people have an inclination and an opportunity—not enjoyed by others—to discriminate in their choice of toilet remedies and their opinions should not go unheeded.

The extraordinary success of Newbro's Herpicide is due to the simple fact that it kills the dandruff germ. While other remedies treat the cause of the disease, after which nature grows the hair, if it is not too late.

Chronic baldness cannot be cured, but before the hair follicles are too badly diseased, one can, by careful treatment and intelligent sanitary care, keep down and ultimately destroy the tiny vegetable growth (dandruff germ) whose continued presence in the sebaceous glands of the scalp means hair destruction.

Ladies become enthusiastic over Newbro's Herpicide, because it brightens up the hair and keeps it light and fluffy.

Stops itching of scalp almost instantly.
Delightfully refreshing.

A Beautiful Charity.

It is time for the Needlework Guild for the Home of the Friendless to declare its spring dividends. The churches are the stockholders in the organization by right of their individual members who are pledged to contribute two articles a year, one in the spring and one in the autumn to the Home. It is not a case of the stockholders getting the dividends, you see, but the stockholders paying out the dividends to others more needy which is not practical business, perhaps, but it is Christianity. These dividends may be an article of clothing, dry goods, or housefurnishings, that can be used at the Home. The articles are to be sent by the members of each church to the chairman of that church, who will see that they reach the Home in good shape.

The guild was organized last autumn and the first contributions were on a generous scale for the limited time in which they were solicited. The chairmen desire that the spring contributions be sent in by April 28, and have made the request through their ministers from the pulpits several weeks ago. Human nature is prone to put off though; and too, "lest we forget" the chairmen desire a reminder from the papers that the day is near at hand.

There are 46 children at the Home and the needs are multitudinous. It is a brave and happy little family though, and deeply grateful for the slightest favor done for them. If you went out to the Home to see them, you would not feel in giving your gifts that you were doing it "unto one, the least of these," but the reward is yours nevertheless.

Mr. Charles E. Richardson is chairman-general of the Needlework Guild, and the sub-chairmen, representing the various churches are:

First Baptist, Mrs. J. T. Reddick. Broadway Methodist, Miss Mattie Fowler assisted by Mrs. Sam T. Hubbard and Miss Adine Morfon. First Presbyterian, Miss Claribel Rieke.

Grace Episcopal, Miss Frances Gould.

German Evangelical, Mrs. Harry Meyer.

German Lutheran, Mrs. Peter Rogers.

First Christian, Mrs. C. R. Hall.

Temple Israel, Mrs. Meyer Lovitch.

Fountain Avenue Methodist, Mrs. Eva J. Washburn.

A Woman Who Does Things.
It is a joy to discover a person who dares to do the thing everybody ought to do and who also dares to do it first, says the Circle Magazine telling in its April issue of the work of Mrs. Caroline Bartlett Crane, who will shortly visit Paducah in the interest of civic and sanitary work.

Some years ago a meat inspection bill was in danger of defeat in the Michigan general assembly. The farmers in the legislature discovered

that meat inspection would cut off their small slaughterings and they were up in arms at once, sidetracking the bill at the first reading. News of the defeat reached Mrs. Crane at 4 o'clock in the morning, and catching a 4:30 train for the state capital, she arrived before the opening of the morning session.

Then she proceeded to win some of the opposition and through their efforts the bill was brought up for a second reading. It was again on the point of defeat when one of these newly acquired champions called for a five-minute recess to permit Mrs. Crane to discuss the bill. Mrs. Crane talked to the point, making the purport of the bill clear and emphasizing the great need of it. During the rest of the day and night she interviewed farmers, everywhere convincing them of the reasonableness of the law. The next day when the bill was finally read it was passed by an overwhelming majority. Which goes to show that Mrs. Crane is a woman who does things.

The Women's Civic Improvement league was the result of a vigorous campaign of the organization. In the street cleaning campaign of the league the women gathered together the men on the job and gave them some lessons in handling a broom. Old men they were for the most part, not used to hard work or the interference of petticoats.

It was another great day when they washed down the asphalt with a hose and brooms almost resorting to soap and scrub brushes in an effort to get off the dirt of ages. There was no sprinkling of pavement after that day, with the fire department to assist. The men who were lazy and refused to work in the new way were dismissed; the men who took pride in the new system had their pay raised; in this fashion the white wings were whipped into shape, becoming before the end of three months a rival of the fire department for brilliant service.

TOOK OFF NUT

PATROL WAGON BROKE DOWN LAST NIGHT.

Some Miscreant Determined to Cause Damage by Tampering With the Wagon.

The prank of some unknown person in removing a nut from the patrol wagon, and loosening the brake shoe came near resulting seriously last night when the wagon was called out. As the wagon rolled off the driveway onto the brick street the left front wheel was jerked off, and the axle dropped to the street. The horses were frightened and tried to run away, but Patrol Driver Thad Terrell checked the horses at Fourth street despite the fact that the brake was useless. The threads on the spindle

were worn off on the street, and the wagon will be out of use for several days until the axle can be repaired. Driver Terrell clung to the wagon and stopped the team although the horses kicked and tried to run away. Henry Seamon, the day driver of the wagon, did not remove the nut, and this morning the wrench was found with which the tap was removed. Driver Terrell escaped injury, but a fall to the street from the high seat would no doubt have been serious.

Let the Coal Fire Go Out

At the first suggestion of summer weather let the range fire die out, set a New Perfection Wick Blue Flame Oil Cook-Stove in a corner of the kitchen, and at once the family boiling, frying and baking may be done with comfort, because the "New Perfection" delivers the heat under the kettle and not about the room. Another convenience of the

ARE YOU DEAF?

WHY LET YOUR FRIENDS SUFFER?

Your friends are more sensitive about your deafness than you, yourself, so why should you impose on them?

You probably know that a telephone operator's hearing is the most acute. This is due to the fact that the electrical vibrations act upon the ear drums in such a manner as to produce a very keen sense of sound—such is the principle of

THE ELECTROPHONE.

It is a tiny, electric telephone that fits on the ear, and which, the instant it is applied, magnifies the sound waves in such a manner as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring ear noises, and also so constantly and electrically exercises the nerves and vital parts of the ear that usually the natural, unaided hearing itself is gradually restored to perfect condition.

Daily Thought.

Man's chief wisdom consists in knowing his follies.—Rochefoucauld.

Fast horses never ruined any one. The slow ones cause all the trouble.

Imagine what an election among the daughters of a South American revolution would be like.

There is no disgrace in the amount of dirt collected in the city, if it is not allowed to remain.

Jim Patten insists he went to the succor of the wheat market. When anything gets wrong with the wheat pit, that is what it needs.

Chicago police are hasty in attributing the wrecking of a flat with dynamite to labor troubles. It might have been some tenant getting even with the janitor.

The sultan of Turkey is the only reigning monarch, who has proven his capacity to retain his seat. Any fool could hold down the job on the other thrones of Europe.

The menace to a race is not in the persons of the hardy, dominant, selfish characters, who know no law, but in their flaccid fellow creatures, who permit them to rule.

Whenever a man says "I'd like to, but I am honor bound to vote the ticket straight, because I participated in the primary," be sure, if he is not a candidate or a politician, he is ashamed to acknowledge his intention and is seeking an excuse.

THE DEMO-PUBS.

It is a remarkable fact that most of the well directed opposition to the schedules of the Payne bill comes from the Republican senators. The Democrats, who profess to be for free trade, have failed utterly to take any caucus action, and Democratic members express themselves in favor of high tariff on the products of their respective districts and low tariff on products consumed in their respective districts and produced elsewhere. We must give them credit for reflecting popular sentiment, gross and selfish and narrow as it may be. They expect to be re-elected from those districts they favor, and realize they have nothing to fear from the voters outside their district.

The Republicans are agreed upon one thing. They all favor the protective system. According to the definition of President Taft, that is such discriminative duty imposed on imported goods, as will make up the difference between cost of production in this country and abroad, taking into consideration the difference in the wage scale.

Naturally such a policy permits of wide difference of opinion as to what constitutes protection, and how far the discriminative duty should go. Naturally, too, some interests would seek to take advantage of this policy, and stretch the theory of protection to cover impositions on the consumer, just as naturally as the Democratic congressmen and senators wish to impose burdensome

duties on wool and sugar and lumber, and all such articles as are produced in their respective districts, but are not affected in any way by the wages of skilled employees. Some Republican senators and congressmen are just as bad, as the Democrats. No worse.

And, yet, it is not true that the tariff is a local issue. Those Democrats and those Republicans, who are seeking unfair advantages for certain industries, are not acting in their own constituents. The great majority of the people of this country have interests in common. Aside from the protection of the wage scale, all may be classed as consumers, and the cheaper products are the better for all. The general government must not be interested in the welfare of any one man in a given district, more than in the thousands of others, who consume his product, save the development of that industry makes the country independent of foreign nations, and maintains the American wage scale at the maximum, thus increasing the buying capacity of the wage earners, and creating a demand for farm products and other necessities.

On the other hand, there is an element among the Republicans, who desire to carry out the protective policy outlined by President Taft in his speeches and in the national platform. They would reduce the duty on necessities, of life, where to do so would not cut the American scale of wages, and they would protect the consumer as well as the producer.

Between the Republicans, who wish to give predatory interests in their districts an unfair advantage, and the Democrats who wish the same benefit for the same interests in their districts, the real representatives of the people probably will be defeated. The Democrats, who seek special benefits will join with Republicans of the same class, but the good Republicans and conscientious Democrats will never get together.

KOHINOOR-ING.

Perhaps, O gentle and long-suffering reader, you may have noticed that while a company of former Kentuckians and their friends were uttering in New York postprandial eulogies of the name and fame of the state and extolling Kentucky as the "Kohinoor" of our national jewels, a compromise was being agreed to in a Kentucky county settling a suit for damages brought by victims of night riders against the alleged night riders; that one of the defendants who paid over a part of the damages was the sheriff of the county, and that \$2,000 of these damages was paid by the fiscal court of the county, of which august tribunal another of the defendants is a member. Is that the sort of thing that is meant when Kentucky is referred to as a "Kohinoor"? It is a new discovery that among the many superlative things which Kentucky is she is also a Kohinoor, and it might be well to have a more specific definition of a Kohinoor than we get at a banquet of good wine and good fellowship. May we not be enlightened as to just what a fellow does when he goes a-Kohinooring?—Courier-Journal.

SOME STORIES

AROUND TOWN

Firemen of Central station do not hesitate a minute in jumping into a fire and fighting it to a frazzle, but when it comes to speech-making the fire fighters claim no honors. Recently the firemen of the station planned a surprise for Captain John Slaughter and decided to purchase him a cap. All this was done quietly and a regulation cap was secured. Yesterday the cap, carefully packed in a box, arrived and the fire boys began making plans for the presentation of it to their leader. All the firemen had a stage fright, and each one declined the honor of making the presentation speech. Seeing the possibility of having a ceremony one fireman yelled: "Come here, Captain Jack, and get your cap." And Captain Slaughter did so without any explanation, for he had heard of the plans.

School teachers often have funny experiences with their pupils, and some of the wayward pupils make answers that best the teacher. During the season that the fruit trees were in full bloom one of the teachers in the Washington building was burdened with flowers by her pupils. The first few days the flowers were acceptable, and the bouquets were placed about the school room. Seeking to win the teacher's smiles in

spite of the fact that his lesson was not prepared properly, Tommy Jones, one of the wayward boys of the class, brought a double handful of flowers and presented them to his teacher. She appreciated her gift, but cautioned the children. "It is wrong to pull all the pretty flowers," said the teacher, "or next summer we shall not have any fruit, and I know your parents would object to pulling so many flowers."

After a minute's silence, Tommy spoke: "Please, teacher, mother won't let me pull the flowers at home, but it's all right, for I got those out of another yard."

DUN'S REVIEW.

New York, April 24.—Faith in the future is more pronounced than the satisfaction with immediate conditions, and there is no more noteworthy feature of the trade outlook than the steadily growing confidence that, with the tariff discussion out of the way, and with the year's principle crops assured, progress toward full industrial prosperity will be rapid. Therefore, the better prospect of a comparatively early final vote on the tariff and the improving weather and crop conditions, coupled with the knowledge of abundant money and the big gold output are favorable to expansion and inspire courage.

The fact that lower prices are stimulating a more active demand for iron and steel products also aids in this development. With some improvement in the volume on inquiries and with raw cotton at a high level, prices have held firm in primary cotton goods, although just at present the export trade has again fallen off to small proportions.

A better market is in evidence on coarse yarn goods which has been quiet for some time. In the woolen goods division practically all clothing salesmen are now on the road and considerable duplicate business is already reported. Very fair demand is noted on wool goods and on worsted stocks, many lines are sold up, while others are sharply advanced in price.

In the hide market pronounced strength has developed in all lines and active buying has been in progress throughout the week.

Bank Clearings.

New York, April 24.—Total bank clearings compiled by Bradstreets for the principal cities of the United States the past week \$3,194,495,000 against \$1,991,351,000 in the corresponding week last year.

A CASE OF INFLAMMATORY RHEUMATISM

"Some ten weeks ago, a sudden pain came in my right arm," writes Mrs. Marguerite Rau, 623 Franklin St., York, Pa. "The doctor called it inflammatory rheumatism. For about seven weeks I doctored with different remedies without getting any relief. My arm was swollen from the elbow to the tips of my fingers and was all black and blue and looked as though there was something drawing at the elbow and as if it would break open. The pain was so great that I could not sleep. I finally bought a bottle of Sloan's Liniment and that gave me relief at once. I have used three 25c bottles and am now using a 50c bottle.

I feel that my recovery is due to Sloan's Liniment. It did more for me in three weeks than all the other doctoring I ever did."

Before it slips your memory buy a bottle of Sloan's Liniment. There are three sizes, 25c 50c and \$1.00. Every druggist carries it in stock.

WILL BE USED ON ILLINOIS CENTRAL SYSTEM.

Chicago, Carbondale, East St. Louis and Chicago Will Experiment With Them.

Chicago, April 24.—After today 722 miles of the Illinois Central railroad, Chicago to Cairo, and from Carbondale to East St. Louis, will be operated by telephone instead of by telegraph. Within a few weeks the system will be installed along the Paducah, Mississippi and Louisiana divisions, a total of 627 miles.

The telephone system on the Louisville division is nearly complete. The dispatcher's office was removed to Princeton the first of April in order that the telephone might be used instead of the telegraph. The officials hoped to begin using the telephone by April 15, but delays prevented this.

THE SPECTATOR.

Weekly Comments on Things About Town.

The current number of Collier's has an editorial as follows, under the caption in Kentucky:

"Race horses, whisky, mountain feuds and night riders have appeared out of proportion in Kentucky news. A crime committed there receives much wider advertising than a similar performance in Pennsylvania or New York." Then follows some of the things in which the city of Lexington is on the "firing line," along with the advance thinkers on municipal affairs.

This reminded The Spectator of the old revival hymn, "Count your many blessings, name them one by one," etc. It is good, now and then, just to look at the bright side of things, even though there be clouds; to count the things we do have, rather than only the things we should like to have. In this spirit let us see what Paducah has to boast of, though there are doubtless many things which she as yet does not have. And a survey of what our city has accomplished in the way of improvement and development during the last five years, will put us in the forefront of all the cities south of the river. Let us see some of the more prominent things that these five years have brought. In the retail district, on Broadway from the river to Fifth street, more than forty of the buildings have either been built new or had their fronts remodeled in an up-to-date manner. Third street has been paved with brick to Mechanicsburg. Broadway and Jefferson and Kentucky have been paved with bitulithic from Fifth to the railroad, and likewise the intersecting streets have been so paved. Cement sidewalks and gutters on Broadway and Jefferson to the city limits of Twenty-fifth street, with the exception of three short blocks. Many of the outlying streets have had new walks, notably on the way to the union station. The storm and sanitary sewerage has been greatly extended and improved. Riverside hospital, than which there is not a better equipped institution for its size in the south, has been built, as well as a fine new school building.

The park at Tenth and Broadway has been purchased by the city and beautified, including a fine fountain. Lang circle has been made a thing of beauty, and is now adorned with the handsome and costly confederate monument, and the park around the court house has been made one of the most attractive sights in the city. The Women's club has been erected, with their own building. The street car system has been almost rebuilt, as well as greatly extended, including one or two entirely new lines. One handsome new church, the Fountain Avenue Methodist, has been built, several smaller edifices of worship also, and nearly every other church in the city has spent sums more or less large in improvements of substantial nature or added new buildings to their plants. All this, to say nothing of the numerous residences, many of them costly, and at least six apartment houses.

Where is there another city of our size in the south that can show a better record of growth and development, especially during the stress of the panic and the time immediately preceding the panic?

Said a man of large travel and experience from a distant city, to the writer, "The progress that Paducah has made of late years has attracted the attention of moneyed men the country over, and it is now reckoned as a place of great possibility in the future." We have not yet attained to all that we hope for by any means, but our record as a city is one to be proud of, and one that is being quoted in terms of praise on all sides of us. While the gloom of the money depression, which though evidently passing is still somewhat with us, let us not forget to "count our many blessings, name them one by one" as the old hymn teaches.

TWO GRATEFUL, HEALTHY WOMEN.

We are heartily glad that we learned about Peruna.

Thank you for the good Peruna has done for me.

I was a sufferer for twenty-two years, to-day am well.

MISS NORA KELLEY

Wonderful Good From Per-na.

Miss Nora Kelley, R. R. 1, Box 121, London, Ohio, says:
"I write to thank you for the wonderful good your Peruna has done for me. I was a sufferer from kidney and other internal troubles for twenty-two years. Two years ago I began to take Peruna and I only took about three bottles and to-day I can say I am a well person."

Catarrh of Internal Organs.

Mrs. B. H. Jackson, R. F. D. 5, Newman, Ga., writes that she had catarrh of the internal organs for more than a year, and that Peruna entirely relieved her.

MRS. PAULINE WINTERS HAUSEN

Internal Catarrhal Trouble.

Mrs. Pauline Winters Hausen, 21129th Ave., West, Duluth, Minn., writes: "I want to say a good word for Peruna, as it has cured me of two trouble some diseases. I was troubled for five years with eczema on the hands, and a severe internal trouble combined with nervousness. For two years I used remedies without lasting benefit. Four bottles of Peruna cured both my troubles entirely, so that no trace of them is left. I feel better than I ever did before, which I owe to Dr. Hartman and Peruna. I shall be glad to answer any inquiries that come to me in regard to this letter. Peruna is unsurpassed by any medicine for these troubles. We are heartily glad that we learned about the Peruna. Dr. Hartman has answered every letter that I sent him free, and does for every one who applies to him."

Cramps in Stomach.

Mrs. J. C. Jamison, 61 Marchant St., Watonsville, Cal., writes: "I was troubled with cramps in the stomach for six years. They said that I had nervous dyspepsia. I had a testimonial of a man whose case was similar to mine being cured by Peruna, so thought I would give it a trial. I have taken nineteen bottles and am entirely cured. Have gained in strength and flesh, and feel like a different person. I believe Peruna is all that is claimed for it."

IN SOCIAL CIRCLES

Series of Farewell Entertainments to Mrs. Curd.

The Ladies' Mite society of the First Baptist church gave an enjoyable reception at the parsonage Thursday evening complimentary to Mrs. Belle Curd, who with her family leave next week for Seattle, Washington, their future home. It was a complete surprise to Mrs. Curd. The ladies had decorated the rooms prettily with flowers and delicious refreshments were served.

In behalf of the society the president, Mrs. Reddick, and the secretary, Mrs. E. B. Richardson, presented Mrs. Curd with a "sunshine bag." This was a large laundry bag filled with gifts from the members, each daintily tied up and with the name of the donor. The recipient will draw one a day until all are taken out. It is a pretty custom and one that has brought with it "sunshine" to many hearts, especially when far from home.

After the presentation of the gifts the vice-president, Mrs. J. R. Puryear, led in a prayer for the departing friends and for "journeying mercies" to them. "Blest Be the Tie That Binds" was feelingly sung. Mrs. Curd and family have many warm friends in Paducah who regret their leaving. The happy memories of the "Old Kentucky Home" will include the many pleasant associations with the Ladies' Mite society. There were 40 of the members present on Thursday night.

Friday afternoon the Mite society met with Mrs. John Cheek, 217 North Fifth street, in regular session. Mrs. Curd was present and was given another reception. Delightful refreshments were served by Mrs. Cheek and Mrs. Rash. Music was a pleasing feature of the afternoon.

Mrs. Chenault Approved State Regent.

A Washington telegram says: "The D. A. R. Congress approved today the election of the various state regents. They include for Kentucky Mrs. Sarah H. Chenault, and for Indiana Mrs. John J. Dinwiddie."

Mrs. Chenault is the present regent and was elected to the office last October at the state meeting. She is a Lexington woman.

A Letter From Home.

For the benefit of suffering humanity, I will say that I had a severe attack of muscular rheumatism the latter part of January, 1908. I have had inflammatory rheumatism almost all my life. I tried a number of remedies, obtaining only temporary relief. By the use of a little more than one bottle of Hays' Specific the disease was conquered. It is a system cleanser, a blood purifier and a pain destroyer.

CHAPTER V.

A STORY IS BEGUN.

It's funny 't'ing how two brown eyes was changin' everythin'—
Do cloud she's no more on de sky,
An' winter's jus' lak spring,
De trail she's no long—
I'd walk it forty mile tonight
For hear her sing wan song.
But now I'm busy mak' fortune
For ma'ry on dat girl,
An' if she's tole me yass, dat's soon,
Bonheur! I'm own de worl'!

POLEON DORET sang gayly as the trader came toward him through the open grove of birch, for he was happy this afternoon, and being much of a dreamer, this fresh enterprise awoke in him a boyish pleasure. Had not this discovery of "No Creek" Lee's been providentially arranged for his own especial benefit? A fool could see that this was a mark of celestial approbation, and none but a fool would question the wisdom of the gods. Had he not watched Necia grow from a slip of thirteen and spoken never a word of his love? Had he not served and guarded her with all the gentle chivalry of an olden knight? Or course! And here was his reward, a gift of wealth to crown his service, all for her.

"Well," said Gale, slipping out of his pack straps, "the skeeters is bad."

"You bet your gum boots," said Poleon. "They're mos' so tick as de sum-

mer day kill Johnnie Platt on de Porcupine." Both men were gauntleted gloves of caribou skin and head harnesses of mosquito netting stretched over globe-like frames of thin steel bands, which they slipped on over their hats.

"Let's see. It was you that found him, wasn't it?" said Gale.

"Sure 't'ing! I'm comin' down for grub in my canoe 'n' I see dis feller on de bank walkin' lak he's in beeg borry. 'Ba gar, I say, 'dere's man golt' so fast he'll meet hese'f comin' home! Den he turn rou' an' go tearin' back, wavin' hees arms lak he's callin' me, till he fall down. 'Wen I paddle close up I don't know 'im no more dan stranger, an' me an' Johnnie Platt is trap togeder wan winter. 'Wat you 't'ink of dat?'"

"I saw a fellow killed that way at Holy Cross," interpolated the trader.

"Hello! I say. 'Wat's de matter? An' don't I see somethin' 'bout 'im dat look familiar. Hees face he's all swell up an' bleedin' lak raw meat."

The Frenchman curled his upper lip back from his teeth and shook his head at the remembrance.

"Jesu, dat's 'orrible sight! Dem fly is drive 'im crazy. Hees nose an' ears is look lak holes in beeg red sponge, an' hees eye are close up tight."

"He died before you got him in, didn't he?"

"Yes. He was good man too."

"I guess you been purty glad for havin' Necia home again, eh?" ventured Poleon after awhile, unable to avoid any longer the subject uppermost in his mind.

"Yes. I'm glad she's through with her schooling."

"She's gettin' purty beeg gal now."

Anty Drudge Tells Why Washboilers Are So Cheap.

Mrs. Bargain Hunter—"Oh, Anty! I see by Bargain Brothers ad. in the papers they're selling dollar washboilers for fifty cents."

Anty Drudge—"No wonder. Since I've told the women of this town how much better they can wash clothes with Fels-Naptha in cool or lukewarm water, summer and winter, without boiling, they have no use for washboilers. The stores can't sell 'em to women who have learned the new way of washing, and that's why they're so cheap."

Fels-Naptha takes the dirt out of clothes instead of leaving it to elbow work on a washboard.

Little rubbing is necessary and no boiling or scalding.

Lukewarm or cool water—never hot.

Boiling weakens clothes and hard rubbing wears them out.

Clothes washed the Fels-Naptha way last longer and are whiter, sweeter and cleaner.

Follow the simple directions on the red and green wrapper.

CAIROITES ASKED TO TAKE BONDS

For Interurban Railway From Paducah—\$50,000.

Built in Two Years—Bonds Not to Be Paid for Till Road is Completed and in Operation.

CLUB APPOINTS COMMITTEE.

Cairo, Ill., April 24.—A meeting of the directors of the Cairo Commercial club was held last night to confer with Mr. Freundlich and other representatives of the Paducah and Ohio River Interurban Railroad Co., which proposes to build a road from Paducah to East Cairo. The subject was discussed at some length. It was stated that an agreement had been made with eastern people to finance the project to the amount of one million dollars provided people along the line would subscribe \$100,000 in gold bonds, said bonds to be payable in 20 years and draw 6 per cent interest, and not to be paid for by the subscribers until 30 days after the road shall have been completed and in operation.

Mr. Freundlich said Paducah people had agreed to take \$50,000 of the bonds, people in towns along the line had agreed to take \$25,000, and it was expected that Cairo people would take the other \$25,000.

The further condition is made that the railroad shall be built and in operation within two years from the date of the subscription.

C. S. Cary said in order to secure subscriptions from Cairoites it would be necessary to give assurance that the company would deliver its passengers and package freight into Cairo, not merely to East Cairo; and this was promptly agreed to by Mr. Freundlich. It was also stipulated that the company should operate not less than five trains each way between 6 a. m. and 6 p. m. every day.

The board considered the proposition a good one for the people of Cairo, and on motion President Smith appointed a committee consisting of C. S. Cary, George Parsons, W. J. Johnston and Chas. Feuchter to call on the people of Cairo for subscriptions to the bonds.

Mr. Freundlich will be here again next Tuesday for further conference on the subject.—Bulletin.

—Enjoy Sunday afternoon on the steamer Dick Fowler to Silver Cliff and Smithland. Fare for round trip only 25 cents.

CONTRACTS LET

BOARD OF PUBLIC WORKS IN SPECIAL SESSION.

Will Construct New Stack and Install New Boilers at Lighting Plant.

Contracts for the new brick stack and the new boiler at the city lighting plant were signed yesterday afternoon by Mayor Smith and the board of public works as authorized by the general council, and work will begin Monday morning on the erection of the stack, while the new boiler will be shipped immediately. The stack will be erected by W. A. Jewell & Son of Cincinnati, and the boiler will be furnished by the Babcock-Wilcox Boiler Works, of Pittsburgh.

During the erection of the brick stack it will be necessary for an inspector to superintend the work, and City Engineer Washington was instructed to employ a practical workman to see that stack was erected according to specifications. One-half of the cost of the boiler will be paid when it is placed on the ground at the plant.

Street Inspector Bell was instructed to notify P. D. Fitzpatrick, the representative of Thomas A. Bridges & Sons, the builders of South Third street, that the street must be repaired in places. A reasonable time will be given the contractor, and if he fails to make the repairs the board will authorize the repairs made and send the bill to him.

Several complaints of improper drainage were received by the board. At Eighth and Adams streets every hard rain the water accumulates for several hours, owing to the sewer pipe being too small to carry off the water. A similar complaint at Fourth and Husbards streets was received by the board, and another at Seventeenth and Jefferson streets. Sewer Inspector Franke was notified to make improvements to remedy the bad conditions.

President Rudy and Secretary Louis Kolb were present yesterday afternoon, Mr. Katterjohn being the absentee.

I. O. O. F. NOTICE

All members of Mechanicsburg lodge No. 218 are requested to meet at our hall Monday, April 26, at 8:30 a. m., to attend the celebration at Metropolis.

A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire insurance policy is such a promise. Ought you to accept it without knowing all about the company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations to its policy holders are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

PORTRAIT FOUND IN MARBLE SLAB

Freak of Nature in Government Building

Queer Requests Made Upon Federal Department of Justice for Aid.

GOSSIP FROM THE CAPITOL.

Washington, April 23.—A portrait drawn by nature's hand in enduring marble has been discovered in the new senate office building. It is the face of a man with delicate, clear cut, intellectual features. Every detail is as distinct as though drawn by a master artist. It appears in a slab of polished gray marble, the darker-hued veins of which furnish the outlines and the delicate shadings.

The marble came from a Vermont quarry. No one, not even the workmen who polished the big stone, noticed the picture it contained until it was put in place in the wall of the committee on claims on the fourth floor of the office building. Then it was speedily discovered.

It happens that this room is one of the show places of the building. It is one of the big chambers designed for public hearings, and handsome marble pilasters surround the walls. The portrait appears six feet from the floor in a stone almost in the center of the outer wall, and directly opposite the door. Some of the visitors see the face staring at them almost as soon as they enter the room. Others have difficulty in exactly placing it until after it is pointed out to them and are then surprised that they did not notice it at first. Many guesses are being made as to whom the picture resembles. They range all the way from Byron, Shelley and Dickens to William R. Hearst.

There is no doubt that this is a genuine freak like those which appear in the scarp stone pillars in the statuary hall of the old capitol building in which many heads of men and animals may be traced. Some years ago, when statuary hall was being renovated, the upper walls were painted in imitation of marble. It was shortly after McKinley and Roosevelt had been elected, and one of the workmen with remarkable ingenuity wrought in among the veils excellent portraits of these two men. When they were discovered, the committee in charge promptly had the pictures painted out.

The incubator. The incubator has not proven a pronounced success in the hatching of chicks, according to the results of an extended series of experiments carried on by the department of agriculture.

At the Oregon station it was demonstrated that, notwithstanding the fact that hens sometimes break eggs and that they sometimes quit their jobs and go off to women's club meetings—things the incubator is never guilty of—still the hen is a better brooder than the incubator. The incubators used hatched 78.5 per cent of eggs, and the hens 96.5 per cent.

But the most vital point is that the chicks hatched out under hens weighed heavier than those hatched in incubators. The mortality of hen-hatched chicks was but 10.8 per cent, while the mortality of incubator chicks was 33.5 per cent. Hen-hatched chicks made a greater gain in weight than incubator-hatched chicks whether brooded by hens or brooders. All experiments showed

On Justice.

Many novel inquiries are made of the department of justice. The following from a commission house in Willow Springs, Mo., was received the other day:

"An egg company has taken out license in our city under the name United States Packing company. As they are using the name of the United States in their company, I would like to know if the government is back of them and if I should sell them eggs, if the government would stand good that I get paid."

Here is another one, received in the same mail from an anxious inquirer at Frisco, New Mexico:

"If our minister has a right to threaten those who don't go to Sunday school to take their names off the register, is what I want to know. Is this a violation of the laws of the country?"

George Kindel, of Denver, Col., the man who for almost a dozen years has been assailing the interstate commerce commission, has not only buried the hatchet, but has followed this act with a letter of apology to the commission.

It was addressed to Commissioner Clark. In addition to praising the commission for the good work it has done, the writer says he hopes the publicity that he will give his amende honorable will convince the commission of his sincerity.

Notice for Bids.

Notice is hereby given to the public and all parties who may be interested that I will receive sealed bids for the construction of one bridge across Clark's river, 420 feet in length, 300 feet to be concrete, and 120 feet to be steel with concrete floor; also one bridge across Perkins creek, near City of Paducah on the Cairo road, to be 90 feet in length and to be built of concrete; both of said bridges to be built according to the plans and specifications on file in the office of R. T. Lightfoot, county judge. Bids will be received until 10 o'clock on May the 4th, 1909. The right is reserved to reject any and all bids. Contractor to give bond with surety for the faithful performance of contract.

SENATOR NELSON FOR WATERWAYS

Says the Railroads Will Benefit by Them

Has Made Study of Situation for Years and Speaks With Authority.

SHOULD BE IMPROVED AT ONCE.

Washington, April 23. (Special.)—"The work of the pioneer in the development of the country is no novelty to the railway, but it is a decided novelty in the development of the waterway. The question of waterway improvement has grown with the growth of the nation until it has become a subject for serious consideration, not only on the part of the general government, but by the individual states as well, for it is only through the hearty co-operation of the federal power, and the state authorities, that anything like a comprehensive policy, looking to the improvement of our rivers and harbors can be accomplished," said Senator Knute Nelson, of Minnesota, a member of the commerce committee of that body.

"The railroad has had no more reason to fear or to oppose the steamboat than the trolley car. Both have their uses of co-operation and competition. Both are necessary to serve the increasing need of our domestic and foreign commerce. There will be business enough for the railroads at paying rates no matter how much the rivers are improved or how cheaply they can carry freight."

Among the men of the senate who have made waterway improvements a systematic study Knute Nelson easily takes first rank. A pioneer himself, having gone into Minnesota in 1871, he early became interested in the development of the Mississippi and all its tributaries. And he has contributed much to the literature of waterways bringing to the subject hard-earned business sense, a tribute to his Norwegian ancestors.

Knute Nelson says:

"I am firmly convinced that our waterway improvements ought to be carried on in a systematic manner and only such improvements should be made as will prove of substantial aid to navigation. I feel that no matter how many railroads we get, waterways will in no wise interfere with the railroads in the movement of heavy and slow freight which the railroads do not 'hanker' for. I recall very distinctly when we had up in congress the bill providing for the building of the Lake Erie and Ohio canal, and I wondered at that time, having been informed that the railroads were antagonistic to the improvement of our waterways, why the Pennsylvania Railroad company would not oppose the bill and I was informed that the freight on the railroads was congested and that the rail carriers welcomed any movement that looked to the lifting of such congestion because the railroads realized that only the heavier and the bulkier freight could be moved to advantage by water."

"I have watched with interest the growth of the movement for a comprehensive plan of waterway development in the United States and a very great deal of praise for the crystallization of this sentiment is due to the National Rivers and Harbors congress, and I feel sure that the agitation begun by this great body of business men was largely instrumental in the appointment of the waterways commission provided for in the last river and harbor bill."

"I believe we could spend from thirty to forty millions a year on waterway betterments and I feel that this sum could be taken out of current revenues without cramping the treasury to any appreciable extent. The passage of the last river and harbor bill, which was essentially an emergency bill, providing for new surveys and the completion of surveys already begun, will give the two houses of congress an opportunity next winter to enact a river and harbor bill which will connect up various projects now under way, for the development of the rivers, harbors and canals of the country. When we consider what Germany, France and even England are doing for their waterways it behooves us to stir ourselves or else we will be found wholly unprepared to meet these nations in the great war of commerce now going on."

"Very few people live to be a hundred years old."

"Yes," replied the calm philosopher; "it's another wise provision of nature that prevents a famous man from taking note of some alterations which occur when people get up a centenary in his honor."—Washington Star.

SISTER TO LUCKY BALDWIN.

Woman at Warren, Ill., Claims She Can Prove Relationship.

Freeport, Ill., April 23.—Mrs. Ida Baldwin Foval of Warren has undertaken to prove relationship to the late E. J. "Lucky" Baldwin of California, and to establish a claim to his fortune. Mrs. Foval is a half-sister of "Lucky" Baldwin, she says, and a half-sister of Mrs. Mary Ellen Morin of this city, whose announcement that she is a sister of "Lucky" caused surprise several weeks ago. Mrs. Foval has retained Attorney R. J. Carnahan of Freeport and Attorney George Glasgow, of Warren to look after her interests, and they already have taken the matter up with Los Angeles attorneys. Mrs. Foval states that she will do anything possible in this matter. Mrs. Foval denies the charge that Baldwin left home because of an abusive stepmother (her own mother), but says it was because he failed in business in Warren.

NAMES FOR RECTORSHIP

Trustees of Catholic University Will Send Names to Rome.

Washington, April 23.—The board of trustees of the Catholic University at their meeting today selected three names which will be sent to Rome tomorrow and from which the permanent rector of the university will be chosen. The names will not be made public, though it is stated that the provisional rector, Rev. Thomas J. Shanahan, received cordial endorsement from the professors and that many of the trustees are his friends. It is believed that Rev. Edmund T. Shanahan also was included in the list. It was said at the university that it was expected the successful candidate would be known in about three weeks. Some highly important measures were considered in regard to the future scope of the institution. Among these was the establishment of a teachers' institute to be conducted by the professors as an affiliated branch.
